## EXPERIENCE

### General Assembly Boston

#### Software Engineering Immersive

📅 09/2019 - 12/2019 📍 Boston, MA, USA

- A 12 week, 500+ hour immersive software engineering boot camp focused on creating responsive web-pages for modern browsers.
- Completed 4 full-stack applications in three months using a variety of languages and frameworks while using different API's with user authentication.

### Innovative Contracting and Repairs Corp.

#### Apprentice

📅 07/2018 - 06/2019 📍 Queens, NY, USA

- Renovated & repaired 3 floors of a multi-family home and apartments in the NYC area.
- Effectively met clients needs and deadlines for finishing projects by strategizing on blueprints.

### Nike NYC

#### Shipping & Receiving - Back of House

📅 12/2016 - 07/2018 📍 New York, NY, USA

- Dealt with large traffic counts of consumers, roughly 4,000 people daily, regularly servicing their needs and providing consumers with swift, courteous service.
- Constantly communicated over radio headset to floor leaders on employee needs and acted quickly to deliver products.
- Won employee of the month my second month into starting at Nike and also won quarterly employee of the year for my outstanding service and quick learning.
